

### **NABR Recognizes Signature Bank as One of Chicago's Best and Brightest Companies to Work For® Eighth Year in a Row**

***Bank receives high marks from employees for supporting their growth and development, trustworthy leadership team, mutual respect among teams***

ROSEMONT, IL [June 10, 2025] – The National Association for Business Resources (NABR) has named Chicago-based Signature Bank, one of the fastest growing, independently-owned commercial banks in the Midwest, to Chicago's Best and Brightest Companies to Work For® ranking. This is the eighth consecutive year Signature Bank has made the list.

Each year, NABR recognizes companies with the most innovative business and human resources practices. Employees are asked to provide insight into their workplace experience by rating several categories. These categories include teamwork and cooperation; employee education and development; culture, communication and shared vision; recruitment and selection; and compensation benefits and employee solutions.

An independent research firm assesses the winning companies and then compares several key measures against other nationally recognized winners. Signature Bank scored high marks in several areas, including teamwork and cooperation; employee education and development; culture, communication and shared vision; and recruitment and selection.

Highlights from the survey results included that most Signature Bank employees feel they can grow and learn on the job, and that the company supports their growth and development. Employees also trust leadership to make good decisions, feel respected by their coworkers, and are able to maintain a healthy work/life balance.

Signature Bank has earned numerous awards and recognitions for its growth and success. Most recently, the bank was named to the 2025 Inc. Regionals: Midwest list of the fastest-growing private companies in America. Last year, Signature Bank earned a spot on the national Inc. 5000 list of fastest growing companies in America and was named the 15 th largest bank in Chicago by Crain's Chicago Business. American Banker also recognized the company as one of the Best Banks to Work for in the U.S., a notable distinction.

The Best and Brightest Chicago Celebration, which will honor Signature Bank and other winners, will be held at the Chicago Oakbrook Marriott on September 10.

## **About Signature Bank**

Signature Bank is an award-winning, relationship-based commercial bank wholly owned by Signature Bancorporation, Inc., a privately funded, locally owned bank holding company founded in 2006. Headquartered in Rosemont, IL, Signature Bank provides accessible, strategic, and highly individualized commercial banking services to closely held companies, as well as full-service retail banking capabilities. Technology-driven and well-capitalized, Signature Bank is currently the fastest growing, independently owned business bank in the Chicago-Wisconsin markets and is one of American Banker's Best Banks to Work For.
