

Overwhelmed by paper checks? We know the feeling. The Signature Bank Corporate Credit Card is here to help.

Our program is designed to streamline payment systems, reduce processing costs, and improve overall efficiencies within your business. Corporate credit cards allow you to take control of your employee spending and do away with the hassle and administration of paper checks. Our corporate card offers many benefits and rewards, as well as the continued support and guidance you need from your trusted banker at Signature Bank.

Offering incredible control and full visibility into employee expenses plus added convenience and reduced administration, the Signature Bank Corporate Credit Card Program is a great choice for every business.

No matter the size of your company, the Signature Bank Corporate Credit Card can help improve working capital, lower costs, deliver valuable rewards, and offer a level of fraud protection that check-writing just can't provide.

A few of the many benefits you will experience include:

- Improving visibility to see where your money is going
- Adding control over spending limits and categories
- Keeping employee and personal expenses separate
- Reducing risk of fraud by removing paper checks

What sets Signature Bank apart is our personal touch and dedication to customer service. We'd like to help you think beyond just travel and expense when it comes to corporate cards. Our bankers will work directly with you to fine-tune your spending to maximize the many benefits our card program has to offer.
